- 1 **Anniversary Special: Mix It Up!**
September: 30 October: 7, 14
- 2 **Abracadabra!**
October: 21, 28 November: 4, 11, 18
- 3 **Burps, Belches & Bad Breath**
Not Available
- 4 **Freaky Physics**
February: 3, 10, 17, 24 March: 2
- 5 **Secrets of Ancient Egypt**
March: 16, 23, 30 April: 6, 13
- 6 **Is There a Doctor in the House?**
Not Available

Important Information!

Class size is limited. Deadline to register is three days prior to club start date. Registrations will only be confirmed via email. Register online at www.scienceexplorers.com or mail your completed form with check or credit card information to Science Explorers Inc. 110 W. Wyomissing Ave., Mohnton PA 19540. Do NOT send cash. REFUNDS ARE NOT PERMITTED ONCE SESSION HAS BEGUN. \$15.00 processing fee for all refunds. \$35.00 processing fee for returned checks.

Please note: Parent is responsible for child's attendance and prompt pick-up. Late pick-ups are subject to additional fees. In the event of inclement weather, Science Explorers will follow your school's dismissal procedure. By registering my child I grant permission and release Science Explorers and its affiliates from any and all liability relating to or arising from Science Explorers after school club program.

Multi-Club Discount Register for 3 or more clubs in one order and take 5% off the total.

SCIENCE CLUBS

Anniversary Special: Mix It Up!

We've picked our top 3 favorite hands-on science activities for this special 3-session club! This is a great program to try if you've never participated in Science Explorers before, or if you want to experience some favorites, this is for you! We'll take some chemistry, throw in a little creativity, and mix in tons of fun! Create our ever popular foaming "Matter Monster", build your own motorized invention, and make groovy lava lamp test tubes!

Abracadabra!

Hocus Pocus, you're the focus, as you amaze and astound your friends with some awesome science magic! Master the art of illusion and discover the scientific secrets behind these tricks. Use your newfound skills to make an egg sink or float on command, create invisible ink, make water disappear, and shock your family and friends when you walk through a piece of regular copy paper!

Burps, Belches & Bad Breath

Did you know that mucus is part of your daily diet? On what part of your body are you producing a cement-like substance? Are there little creatures living on you? What happens to our cells when we sweat? Find out the wacky science going on inside all of us! We'll make our own mucus, create body spray to keep us smelling good, make an explosion of gas bubbles, mix up noisy putty, and use chemistry to show how to neutralize stomach acids. We like to call it a "cool kind of gross"!

Freaky Physics

What do you get when you take matter and mix in some energy? Freaky Physics! We'll mix up a gas that is heavier than air, change states of matter to make slippery slime, and build a circuit to create an awesome motorized "drawing-bot". Plus see how physics and building are related as our engineering teams compete to see who can build the tallest towers. Test your science skills as we freak out with physics!

Secrets of Ancient Egypt

Become an Egyptologist as we explore the fascinating world of ancient Egypt. We'll discover how Egyptians used science every day as we construct pyramids, learn how to tell time using the sun, mummify apples, build a model shadoof that was used for irrigation, create your own mummy, and decode Egyptian writings!

Is There a Doctor in the House?

If you have ever wondered what is running through your veins and what happens to your lunch after you eat it, then join Science Explorers for five fun filled "office visits" that are guaranteed to kick your senses into high gear and stimulate your mind. We'll create edible blood, make a model of the digestive system, build a working lung model, and investigate a real sheep brain! Make no bones about it, the doctor is in!
