

Our Lady of the Angels Home and School Association was formed to support the mission of Our Lady of the Angels consolidated school, under the guidance of the diocesan policies.

The Home and School Association exists to encourage parental participation in order for Our Lady of the Angels to continue to flourish in our community. We provide financial support to maintain an affordable tuition and to support the growth of our faculty and staff.

We provide quality family activities throughout the year and support our fellow brothers and sisters in our journey of providing a faith filled education.
